Dear Parent(s) or Guardian(s):

My name is Briana Duncan, College Advisor with the College and Career Center. This month and next are jammed pack with several events that you and your student do not want to miss. Check out our upcoming virtual schedule below!

College Visit Wednesdays:

Institutions from around the country and beyond spend thirty minutes devoted to getting to know our Jackson Jaguars. Students and their supporters can ask questions about individual admission requirements and procedures. Want to make a great impression on a college or university? This event is the way!

- **Wednesdays from 11:00 am to 2:00 pm**

Spring College Fairs:

Split into small group sessions, five to six institutions visit virtually to educate you and your students about what makes each of their schools unique. Like the virtual visits, representatives responsible for recruitment in the Atlanta area give a thirty thousand foot view of their majors, activities, and more. Attendance at these events allows colleges and universities to contact you about programs and events of interest, perfect for ninth to eleventh grades.

- **Tuesday, February 9th at 6:00 pm**
- **Wednesday, February 10th at 6:00 pm**
- **Tuesday, February 16th at 6:00 pm**

HBCU College Night:

Join a panel of six historically black colleges and universities to learn the ABC's of the illustrious institutions. There is a ton of buzz since the elections of Vice President Kamala Harris and Senator Raphael Warnock. This event is an inside look into how an experience at an HBCU is not only cultural but lucrative.

- **Tuesday, February 23rd at 6:30 pm**

SAT 101 – Things to Know Before you Go:

For those scheduled to take the [March 24th SAT](#) or just interested in taking it in the future, this event will discuss everything from the exam's scoring to what it means for you and your student's future. Standardized testing is still a massive piece of an admissions application, and this event keeps you and your student informed.

- **Thursday, March 18th at 6:00 pm**

Registration links and flyers to all events are on the new and improved [MJHS College and Career](#) website. Take some time to explore the site and get to know our resources! We welcome feedback as well.

Are you interested in individualized advising and planning? I offer sessions daily via Zoom! You can schedule an appointment via my [Calendly](#) page.

If you have any questions regarding any of these events or what the College and Career Center has to offer, please contact me, **Briana Duncan**, via phone at **706-452-4952** or e-mail briana.duncan@atlanta.k12.ga.us.

Sincerely,

Maynard Jackson High School
